Our Main Goal:

ACTIVE IN LEARNING, ACTIVE IN LIFE

At Waipawa School we help learners to prepare themselves for anything. Being **Active in Learning** means our children crave learning that is hands on, authentic and relevant to their life, now and in the future. Being **Active in Learning** means our children learn about the full curriculum, themselves, their hauora and others. Being **Active in Life** means that our children make a positive impact on themselves, to our local and global community and environment. Waipawa learners are empowered to explore their strengths and push their limits. They are inspired to learn and act positively and courageously in all aspects of their lives.

Powering our Actions:

STRATEGIC GOALS AND INITIATIVES

Hauora

Curriculum

Community

Growing Teachers

Where it all Happens:

LEARNING AREAS

Mathematics and Statistics

Social Sciences

Careers
